## A Milestone in Local Development: LGU Aloran Receives 2022 CBMS Data

Date of Release: 15 April 2024

Reference No.: PSAMISOCC-PR-2024-07

**15 April 2024, Ozamiz City** - A significant milestone in the advancement of local governance and development in Aloran, Misamis Occidental, as the 2022 Community-Based Monitoring System (CBMS) data turnover ceremony took place at the Conference Room of the Municipal Hall on April 12, 2024.

(Left to Right) Municipal Statistician (Designate) April Ann A. Manon-og, Data Protection Officer (Designate) Engr. Celso V. Mutia Jr., PSA-Misamis Occidental OIC-SSS Julieta M. Nacario, Municipal Administrator Mae Kenneth T. Oaminal, MPDC-OIC Julibert B. Castillon and MPDO (detailed) Engr. Percis T. Bacoy

The ceremony perceived the formal handover of essential data from the Philippine Statistics Authority (PSA) - Misamis Occidental to the Local Government Unit (LGU) of Aloran. This data, meticulously collected and analyzed through the CBMS, represents a comprehensive understanding of the socio-economic landscape of the municipality.

The ceremony, attended by officials from both PSA and LGU Aloran, symbolizes a collaborative effort towards informed decision-making and targeted development initiatives. With this data at their disposal, local authorities can formulate policies and programs that address the specific needs and challenges of the community, ensuring more effective and efficient governance.

The CBMS data turnover ceremony represents not only a transfer of information but also a pledge to utilize knowledge for the betterment of society. As Aloran embarks on its journey towards progress, the collaborative spirit demonstrated today sets a strong foundation for inclusive and sustainable development.
