The annual celebration of the National Statistics Month is pursuant to Proclamation No. 647, s. 1990, *Declaring the Month of October of Every Year as the National Statistics Month*. This year's celebration has the theme "NSM@32: Revving up for Economic and Social Recovery Through Evidence-Based Policies". The 32nd NSM theme is inspired by the "Recharge PH" Program of the government which rallies all sectors of the economy and all the Filipino people to adopt a "whole of society approach" to unite and contribute towards economic recovery. The 32nd NSM celebration highlights the importance of statistics as bases for sound policy decisions to address the socioeconomic impact of COVID19.
