

Regional Office Bids and Awards Committee

PROCUREMENT OF VARIOUS SUPPLIES AND MATERIALS FOR THE 2022 CENSUS OF AGRICULTURE AND FISHERIES (2022 CAF) HOUSEHOLD AND BARANGAY INTERVIEWS FIELD OPERATION AND DATA PROCESSING

Supplemental Bid Bulletin No. 2023-03A

After considering the queries, clarifications, recommendations, and suggestions, the PSA-X ROBAC hereby decides to include, revise, amend, delete, and/or adapt the following provisions in the Bidding Documents:

Issues/Concern/Clarification	ROBAC Response
Technical Component of the Bid	
a. Does the ROBAC Committee allow the supplier to present accumulated projects as the SLCC?	Accumulated contracts constituting SLCC is not allowed. However, we allow that the SLCC is at least 50% of the ABC of the lot to be bid.
b. Is the List of All Ongoing Contract and the List of Completed Contract the same?	No, they are different. The List of All Ongoing Government and Private Contracts, Including Contracts Awarded But Not Yet Started and List Of All Completed Government And Private Contracts have different templates as provided in the bidding document.
c. Is it necessary to reflect all the completed contracts in the List of All Completed Government And Private Contracts?	No, it is not necessary to reflect all the completed contracts. The prospect bidder may choose which completed projects to present as long as it depicts the notion that the supplier is an experienced supplier and has the capability to deliver contracts. However, the BAC is more interested on the List of all Ongoing Contracts, including contracts awarded but not yet started since this will give a picture on the liabilities of the supplier.
d. Is it required that the bidder has a PhilGeps Platinum membership even will bid for just one lot?	Yes, the bidder must have a PhilGeps Platinum membership since this is competitive bidding.
Technical Specifications	
a. For the Customized Tumbler, is it possible to change the picture of the	Yes, the ROBAC will replace the picture to avoid confusion.

Handwritten mark

Issues/Concern/Clarification	ROBAC Response
tumbler to depict the flip-top lid technical specification?	
b. For the Customized Lanyard, is it Direct to Film Printing or sublimation printing?	Since there is a confusion on what type of printing to be used, the ROBAC agreed to remove the Direct to Film Printing in the Technical Specifications of the Customized Lanyard.
c. Is it acceptable to separate the customized bags from the customized Polo Shirts and Jackets in Lot 2?	To prevent the failure of bidding for the said lot, the ROBAC agreed to separate the customized bags from Lot 2 and consider it as a separate and additional lot.
d. For the Water Jug, is it acceptable to supply a water jug with a capacity of 2.2 liter?	Yes, it is acceptable. The required capacity is at least 1.5 liter which means that the supplier can offer a higher capacity water jug.

Amendment/Addendum to the Bid Documents
